The Balwyn Primary School Code of Conduct Book

Students will have settled into their classrooms by now, have created norms and understand the expectations of them. One of the ways teachers facilitate this sense of belonging and community within the classroom and throughout the school is by using the Balwyn Primary School Code of conduct book.

The Code of Conduct book is a very important document that is used between teachers, students and families. The purpose of the book is to reflect the values of how we want others to treat us in our learning and playground environment. The aim is to foster an understanding between home and school expectations regarding student behaviour.

Through regular referral to the book in class and at home we hope to promote a shared language of the Balwyn Values, we expect while providing a safe, healthy and caring environment for everyone.

There is an F-2 and a 3-6 book and these can be found under the wellbeing tab on our Balwyn Primary School website. We ask that families read through the book with their child/children discuss the expectations we have at Balwyn Primary School, sign the agreement form below and return it to classroom teachers once you have read and discussed the Balwyn Primary School Code of Conduct. If you require a hard copy of the book please kindly ask your classroom teacher for a print out.

--- CODE OF CONDUCT MY AGREEMENT ---

For parents/guardians and students...
This booklet is part of the Balwyn Primary School Student Welfare and Anti-bullying Policies.

I have read this book with my parents or guardians.
As a valued member of the Balwyn School Community, I will try my best to uphold these values.
