17 March 2016

YEAR 5/6 SCIENCE EXPERIENCE
Wednesday, 13 and Thursday, 14 April 2016

Dear Year 5/6 Parents,

We have planned a ‘Hands-on Science’ experience for all students in Year 5/6 on Wednesday, 13 and Thursday, 14 April (first week of Term 2). The sessions will occur in the 5/6 classrooms.

This activity will provide students with one of many immersions as part of our light and electrical unit.

Hands-On Science can introduce basic science concepts with a developmental hands-on approach. Students will gain skills and knowledge that will enable them to complete activities independently with a sense of achievement. This program will also give them the basic foundations for future learning and inquiry throughout the term.

The cost of this activity is $12.00 per student. There is no excursion levy this year. Please return payment with the reply slip below by Thursday, 24 March to your class teacher.

Thank you.

5/6 Team
